

Sponsorship Proposal

Learning Together's mission is to meet the developmental and educational needs of young children of all abilities. Learning Together's Developmental Day program is an Inclusive Education early childhood education program that serves educationally disadvantaged children and typically developing children from all backgrounds, all socio-economic levels, and all abilities. We believe in pursuing and nurturing inclusion, diversity, integrity, quality, interdependency, and innovation in our daily operations with a hyper-focus on social and emotional development.

Our purpose and dedication to ensuring that every child, no matter where they may fall on a learning spectrum, will receive the educational foundation needed to be successful and reach their full potential. Learning Together is licensed as a Five-Star Center, the highest rating possible through the North Carolina Division of Child Development and Early Education. Learning Together is also NAEYC accredited, which is a national accreditation only 7% of all pre-schools achieves.

Learning Together's Adopt-A-Classroom campaign makes it easy for businesses and community members to support our students, teachers, and families during our most critical time of need. To serve our children and families each school year, Learning Together must fund 40% of operations, or approximately \$40,000 for each of our 7 classrooms.

Personal, corporate and organization gifts and pledges made to our Adopt-A-Class Campaign are crucial, as our subsidy partners and school-based funding only covers 10-months of our 12-month operational budget. Learning Together asks that you consider investing and partnering with us by adopting a classroom for an entire school year.

The Adopt-A-Classroom Campaign gives our supporters the opportunity for personal involvement in the lives of these children and opportunities to expand your companies culture of giving year-round. **Your investment in this program goes beyond the satisfaction of meeting our current needs. You can take pride in knowing you are molding the future leaders of our community.** Please join us in helping children of all abilities learn and grow together. Adopting one of Learning Together's classrooms for a school year will provide children and teachers the resources needed for them to succeed in life, Kindergarten and beyond.
